

Crete Summer School of Linguistics
University of Crete
Gallos 74100, Rethymnon, Crete

Hi all!

If you have been to CretELing before and are thinking of applying to come again, there is a favor we would like to ask you.

As you probably know, we do not have enough dorm space and we have to turn many applicants away. This situation is becoming more difficult every year, as the number of 'returners' increases.

For this reason, we would like to ask you to please consider banding together with other returners and renting non-dorm accommodations through airbnb or equivalent, a youth hostel etc. Since you know your way around Rethymno, and may also know other students who want to come back, you may know who to contact or where you would like to rent.

We would be really grateful if you would please think about this possibility. In case you are willing to go this route, please select 'I will organize my own accommodation' under the accommodations question on the application form and we will process your application earlier and faster.

With best wishes,

Sabine and Vina
